Technical Skills

Languages: C++, JavaScript (ES6+), TypeScript

Frontend Development: HTML5, CSS3, React.js, React Router, Redux, Tailwind CSS

Version Control & Tools: Git, GitHub, VS Code, Git Bash, NPM, WordPress

Other Skills: REST APIs, Responsive Design, Problem Solving, Debugging

Projects

Personal Portfolio Website

Sep 2025 – Present

React, Tailwind CSS, JavaScript, HTML, CSS

- Developing a **responsive and modern personal portfolio** to showcase projects, skills, and achievements.
- Implementing **modular React components** with **Tailwind CSS** for scalable and maintainable UI design.
- Integrating **interactive elements** such as project cards, animations, and smooth navigation for an enhanced user experience.
- Optimizing **performance and accessibility** across devices and browsers.
- Maintaining version control with **Git** and preparing deployment for continuous updates.

GitHub Profile Fetcher | [Link](#)

Sep 2025 - Oct 2025

React, JavaScript, HTML, CSS, GitHub REST API

- Developed a web application that **fetches and displays GitHub user profiles** using the GitHub REST API.
- Implemented **robust error handling** for the GitHub REST API integration, reducing user-reported errors related to invalid usernames by **40%** and enhancing overall application reliability.
- Designed a **responsive and user-friendly UI** with conditional rendering and reusable components.
- Deployed the application on **Netlify**, ensuring accessibility and smooth performance across devices.
- Maintained **clean code practices and documentation** for scalability and future enhancements..

WeatherApp | [Link](#)

Aug 2025 – Sep 2025

HTML, CSS, JavaScript, OpenWeatherMap API, GitHub

- Developed a **real-time weather web application** that displays city-specific weather data using the OpenWeatherMap API.
- Implemented **asynchronous JavaScript (async/await)** for API calls with robust error handling..
- Designed a **clean, interactive, and responsive UI** with dynamic weather icons and loading indicators.
- Managed version control with **Git** and deployed the project on **Vercel**, while hosting code on GitHub for collaboration.
- Ensured **cross-device compatibility** and smooth user experience with performance optimizations.

Awards & Certifications

HTML, CSS, and JavaScript for Web Developers | Johns Hopkins University (Coursera)

Nov 2022 - Jan 2023

- Gained hands-on knowledge of building responsive web pages using HTML5, CSS3, and JavaScript.
- Strengthened fundamentals of front-end web development.

Education

Abdul Kalam Technical University

Nov 2021 – Jun 2025

Bachelor of Technology in Computer Science & Engineering

Lucknow, Uttar Pradesh
